FYI. This was sent around prior to or at the PKWG meeting 7/25/13. It has perhaps not been sent to you yet pending 7/31/13 meeting with authors.

I was planning to call you but may be running out of time today. Perhaps just as well that we talk on Monday instead. Are you in then?

I am here until 4:30 today

Subject: IRIS Specialty Group Reviews of Formaldehyde

Hello Team,

I have placed the reviews we received from the specialty groups on the L drive in our formaldehyde folder; L:\Lab\NCEA\FORMALDEHYDE\Formaldehyde - IRIS Specialty Group Reviews. They are organized into folders by the name of the Specialty Group. I hope that this will facilitate your revisions. If there are reviews that you know about but that aren't in the folders, please let me know.

Regards, Barbara
